Have you enrolled your child for Prep 2013?

A BOOK CLUB .... and other reading activities....for the PARENTS OF ST JOEY’S!
Are you interested? Come along and share a coffee and have a chat about what we can do to get this exciting project ‘off the ground’. Next Tuesday, 22 May 8.45am in the staffroom! (still located downstairs in the blue building)

Absentee SMS system Is now in use.
If your child is absent and the school has not been informed, you will now receive an SMS message rather than a phone call from the office. On receipt of this message, you are asked to ring the school and let us know the reason for the absence. (Please be patient if you receive one in error!)
Just another way of ensuring the safety of our students!

Making learning visible...

Have you ever asked your child what they learned at school today only to be told, “nothing!”? I don’t think this is an uncommon occurrence. Indeed if a different answer is given, more often than not you might get a description of an activity that was completed rather than what was learned by completing the activity...eg. “We did painting!”

Last week, some staff asked a few students across the school, “What does a good learner look like at St Joey's?” and the main theme of their responses included...being a good listener and doing what’s right! Perhaps they responded to the word ‘good’ rather than ‘good learner’. These factors are certainly important but describe the ideal context for learning.......not the learning itself! And so, we have begun a real focus on making learning visible in our school.

What is visible learning? Characteristics of a visible learner include -
- Being able to articulate what they are learning and why,
- Can talk about the strategies they are using to learn,
- Understanding the assessment tools being used and what their results mean,
- Asks questions, and actively seeks feedback,
- Sees errors as an opportunities and is comfortable saying that they don’t know or need help.
- Positively supports their peers’ learning, and
- Knows what they know and what they don’t know. (Evidence Into Action, 2012, p7)

Why this emphasis?
No longer can a child learn all they need to know while at school as technology - and the access it gives to information - has not only changed the ‘face’ of the work force, its impact on education continues to emerge, summarised well in the following - “...the model that says learn while you’re at school, while you’re young, the skills that you will apply during your lifetime is no longer tenable. The skills that you can learn when you’re at school will not be applicable. They will be obsolete by the time you get into the workplace and need them, except for one skill. The one really competitive skill is the skill of being able to learn. It is the skill of being able not to give the right answer to questions about what you were taught in school, but to make the right response to situations that are outside the scope of what you were taught in school. We need to produce people who know how to act when they’re faced with situations for which they were not specifically prepared.” (Seymour Papert,1998)

So, don’t ask your child “How was your day?” Ask them what they learned and then probe a little and assist them to articulate what a learning was during the day. In this way, children will begin to understand that the context and activities are only important if learning results!

God’s blessings on you and yours this week!

AROUND THE CLASSROOMS....... Prep J

We are currently busy with our language rotations, sight words and rhyming which are all big focuses at the moment, as we start listening for ending sounds.

In science we are learning all about movement. We are searching our homes for interesting toys to bring in and share for show and tell to teach our friends all about movement. We are looking at push, pull, spin, roll, bounce and slide. We are very clever and have started measuring movement in distance.

We are loving learning Italian with Guiseppiena (as Garry doesn’t know much). We are learning the parts of our body and counting numbers, colours such as Rosa and Giallo, and also how to say ‘hello’ and ‘goodbye’.

We have finished learning all the sounds of the alphabet and are ready for our Reading Adventure (reading with a pirate accent).

We Love Dance Fever and could be in the running for the Grooviest class at St Joey’s, Look out Buddies.

What we are learning in Prep?
We are learning about writing our words and reading books. Chanar
We are learning sight words and how to read and learning lots of songs. Flynn
We are learning sounds and Dancing. Will

We had a great time celebrating Miss Reminis’ Graduation with a surprise graduation ceremony with her and our Buddy class.

We have two special visitors in our classroom at the moment – Amy our second year ACU student, and Katie our Yr 10 work experience helper. Thank you. We love having you visiting our room.

Band and choir students are required to attend and perform several pieces. I am currently working out the dates; please send me an email to pford-simpson@bne.catholic.edu.au if you have any suggestions in regard to the concert/s.

**LIBRARY NEWS**

*It’s time to sign up for the Premier’s Reading Challenge, in this the National Year of Reading!*

The Premier’s Reading Challenge is aimed at improving children's literacy, cultivating a passion for literature and encouraging children to read widely for pleasure and learning.

This challenge encourages students from Prep to Year 7 to read or experience a variety of books. Reading takes students to places they haven't been before, as well as helping them to develop new ideas while expanding their imaginations.

The Premier's Reading Challenge, now in its seventh year, is not a competition, but a way to encourage greater involvement in reading and develop a love of reading for life. All students can participate. The challenge recognises the range of student abilities in Queensland classrooms.

This challenge for Years 5 – 7 involves reading 15 books between 22 May & 7 September. Easy! For Years 3 & 4 it is the same except 20 books. For Preps - Year 2s they have to read or experience (as in listen to) 20 books between 9 July & 7 September.

To sign your child/ren up for this (Years 3 – 7 only at this stage), you can either e-mail me at cmenck@bne.catholic.edu.au or fill in the tear off slip below.

**As this is National Year of Reading is would be great to have 100% participation. Let’s join with about 80,000 children from across Queensland who will be doing this challenge. Sign your kids up now!**

More details will be sent home once you have signed up or you can read all about it at [http://education.qld.gov.au/schools/readingchallenge/about-challenge.html](http://education.qld.gov.au/schools/readingchallenge/about-challenge.html)

Happy Reading!

FETE

Thank you to all who have volunteered to take on positions at our School Fete. We still need Stall Convenors. We would love new ideas for more stalls. If you are unable to help on the night maybe you would like to be our Public Relations Officer. For more details please contact Kate Baker (Fete Secretary) on 0438761293 or kbaker@bne.catholic.edu.au

At the meeting, discussions were held regarding the consumption of alcohol at our fete and the increasing difficulties the P&F / schools have in obtaining a liquor license for a bar on the evening. The presence of a Bar on the evening is not a highly profitable exercise. We would like your feedback on this. Please complete and return the slip below.

We are in favour of having a Bar at the 2012 School Fete: (Please circle)

GETTING TO KNOW YOUR P & F COMMITTEE

Let’s meet our Vice-President, Karen Lee

(Questions supplied by 1J)

Q: Why did you want to be involved with the P & F?
A: It is a great way to be involved and support the school. I am a people person and the P & F is a great way to meet fabulous people (parents, teachers, children). I think I was born with my diary, notebook and pen in hand – I am always planning something!

Q: Who is in your family?
A: My husband Shane, my son Thomas (14), my daughter Abbey (6) and my dog Slim (7)

Q: What is your favourite hobby?
A: I don’t get much time to have a hobby but I like to exercise – jogging and gym

Q: What grade are your children in?
A: Thomas is in Year 10 at St John’s Nambour and Abbey is in Year 1S

Q: What is your favourite thing to eat?
A: Maybe eating is my favourite hobby – seriously I LOVE food. If I have to choose ice cream and chocolate, hence the necessity for exercise!

SCHOOL FEES - Term 2

Fee Statements have been posted home and are due for payment by Thursday 31st May, 2012.

Any Families on a REGULAR Payment Plan (i.e. Direct Debit or regular Bpay) please DO NOT pay on this statement. As your plan is spread over the full 2012 year, this information is an update of your account progress.

ONE OF OUR FAMILIES NEEDS OUR HELP!

You all know that we are currently fundraising to assist the Odgers’ family who had a fire through their home last term.

Unfortunately, the sausage sizzle at Erbachers, planned for 27th May has had to be cancelled – but we can still all help out!!!

You can drop in any donations (cash or gift cards) to the lovely ladies in the office. We will be collecting up until June 7 – when there will be a free dress day (gold coin donation) and a special assembly focusing on fire safety awareness.
